## About MINT ERP

MINT ERP helps organizations of all sizes select, implement and optimize the right ERP, software and IT solutions. We combine deep industry knowledge, proven methodologies and technology expertise to deliver solutions that drive measurable business impact.

### Find the Right Solution. First Time.

We help you evaluate options, plan implementation and adopt technology that aligns with your operations, budget and long-term business goals.

### Why Choose MINT ERP?

 **Independent & Unbiased**  
Objective recommendations focused on what's best for your business.

 **End-to-End Support**  
From solution selection to implementation and ongoing optimization—we're with you all the way.

 **Proven Methodology**  
A structured approach that reduces risk and ensures you get the right solution.

 **Industry Expertise**  
Deep domain knowledge across industries to understand your unique challenges.

 **Client Focused**  
Solutions tailored to your business goals

 **Quality & Reliability**  
Committed to highest quality and best practices

 **Long-Term Partnership**  
Building lasting relationships to help your business grow

## Our Core Service Capabilities

Comprehensive services to help you choose, implement and get the most from your technology investments.

**01 ERP Selection & Advisory**  
Requirements analysis, vendor evaluation, financial assessment and roadmap to choose the right solution.

**02 ERP Implementation**  
Configuration, data migration, testing, training and change management for successful go-live.

**03 Solution Customization**  
Tailored solutions, workflows, reports and integrations to fit your business processes.

**04 System Integration**  
Seamless integration with CRM, HRMS, accounting, e-commerce and other third-party systems.

**05 Support & Maintenance**  
Ongoing support, updates, performance tuning and proactive monitoring to keep your systems running at their best.

### Our Selection Methodology – 7 Step Approach

- 1 Discover**  
Understand your business, goals and challenges.
- 2 Define**  
Document requirements and success criteria.
- 3 Evaluate**  
Shortlist and evaluate the best-fit solutions.
- 4 Compare**  
Detailed financial, TCO and risk assessment.
- 5 Recommend**  
Provide the right solution with a clear roadmap.
- 6 Implement**  
Plan and execute a smooth implementation.
- 7 Optimize**  
Continuously optimize and drive value.
