About MINT ERP

ERP consulting, software solutions and IT services designed to help businesses choose and implement the right technology.

Find the Right ERP First Time

MINT ERP helps organizations evaluate ERP options, plan implementation and align technology with operations, budget and long-term goals.

Core Service Capabilities

01

ERP Selection & Advisory

Requirement mapping, cloud vs on-premise analysis, vendor evaluation and selection roadmap.

02

ERP Implementation

Configuration, data migration, testing, training and smooth rollout support.

03

ERP Customization

Workflows, reports and compliance-focused customization for business processes.

04

System Integration

ERP integration with CRM, HRMS, accounting, cloud and reporting tools.

05

Support & Maintenance

Ongoing support, updates, training and optimization to keep systems future-ready.

1

ERP Expertise

Solution knowledge

2

Partner Support

Marketing & enablement

3

Growth Focus

Long-term success

Why partner with MINT ERP

A focused growth channel for ERP vendors, software companies, IT service providers and consultants.

From enquiries to qualified opportunities

Work on higher-intent prospects instead of spending heavily on broad ads and uncertain clicks.

Qualified Leads

Faster Sales Action

Lower Wastage

500+
Qualified leads per month

75+
Partner network across India

20-40%
Revenue sharing for MINT on closure

Two simple ways to collaborate

Software Partners

List your ERP, software products, implementation expertise and IT services to improve visibility and credibility.

- Improve online visibility
- Showcase ERP products & IT services
- Get discovered by relevant business buyers

Marketing Partners

Choose the lead model that fits your sales strategy.

1

Pay per HQL lead
As per selection criteria

2

Lead pack
100 leads | Unlimited period | Save 50%

3

Revenue sharing
On successful closure

- Select industry, region and ERP need
- Focus on demos, proposals and closures
- Lower ad wastage than self-managed campaigns

ERP Expertise

Deep product knowledge and domain experience.

Partner Support

Marketing, enablement and timely assistance.

Growth Focus

Long-term partnerships that drive real results.

Manual lead generation vs MINT partnership

A faster, cleaner and more cost-effective route to ERP, software and IT services opportunities.

Manual Lead Generation

Higher spend on Google, Meta and LinkedIn

Mixed lead quality and lower intent

More time spent testing, filtering and follow-up

Partnering with MINT

Qualified ERP and technology enquiries

Selection by industry, region and business requirement

Faster closures with HQL leads, lead packs or revenue sharing

Ready to grow with MINT ERP?
